

Dear Parents,

My name is Pat Patterson. I am the Food Service Manager for Rio Norte. I would like to inform you that we can set up an account for your son or daughter. This way you never have to worry about forgetting to give them money for breakfast or lunch again!

Here is how it works. The students will bring in a check made out to W.S. Hart School District or CASH, and we will put it into the computer under their name or ID#. As the student makes purchases, the amount will be deducted from their account. The check amount can be made out to whatever amount works best for you. When the amount has been used up, the student will need to bring in another check to put into their account.

Thank you.

Sincerely,

Pat Patterson  
Food Service Manager
